

Lock Clip

Pin-mounted body camera attachment

The Lock Clip provides a clothing-mounted attachment point for a compatible body camera using a metal pin that can mark fabric.

Product view

Clothing mounting point

Attach a compatible body camera to a selected position on a suitable garment.

Metal pin attachment

The clip uses a metal pin to attach to clothing; check the garment before fitting.

Camera clip connection

Use the clip as the camera attachment point once the connector geometry has been matched.
