

S3

4K Body Camera

Local 4K recording, dual-microphone audio and on-camera playback for a straightforward daily recording routine.

Product view

Capture the moment

Record locally in 4K at 30 fps with a large front recording button and a 160-degree field of view.

Review on the camera

The 2-inch IPS screen supports playback before transferring recordings over USB-C.

Record voice and detail

Dual MEMS microphones support noise reduction. White LEDs add visible light; this version has no infrared night vision.
