Technical specifications

Wireless & connected operation (continued)

Table with 2 columns: Feature, Specification. Rows include LTE - Europe variant, Positioning / NFC, and Platform / protocols.

Display, lighting & interfaces

Table with 2 columns: Feature, Specification. Rows include Display, Infrared, Additional lighting, Connections, and Wearing clip.

Power & physical specifications

Table with 2 columns: Feature, Specification. Rows include Battery / charging, Dimensions / weight, and Temperature.

In the box & optional accessories

Table with 2 columns: Feature, Specification. Rows include Standard kit and Optional accessories.

Configuration notes

[1] Runtime is specified at 1080p with LTE and Wi-Fi off, not for live streaming or 4K recording. Battery life and charging time vary with settings and conditions.
[2] Select the regional LTE variant for the intended carrier. SIM/data service, platform licensing and integration scope are confirmed separately; not every feature is included in every package.
Environmental protection rating, supplied storage, optional NFC and accessory compatibility must be confirmed for the selected hardware configuration.
